

# From 1<sup>st</sup> June 2020

Please see below the additional rules now in place on all our fisheries in connection with Covid 19. All rules must be adhered to alongside the club's normal rules. For more information please see our website [www.lakedistrictfishing.co.uk](http://www.lakedistrictfishing.co.uk).

1. Members and Day Ticket holders must travel to our waters individually (driver only) unless two or more people from the same household can share a vehicle.
2. Adhering to social-distancing is vital. When arriving at a fishery, members should stay a minimum of 2m (ideally 4m) from other people. This might mean pausing with your windows and doors closed, before leaving your vehicle, if someone next to you is leaving or entering theirs.
3. When fishing you must remain at least 15m from the nearest angler. The more distance you can put between yourself and other anglers the better.
4. Do not tackle-up at your vehicle, go to the water's edge, or other open ground offering suitable distancing as soon as you can and tackle-up there.
5. When opening and closing gates, please follow the recommended sanitary process, (using sanitizers over 70% alcohol, washing hands etc). You are requested to carry your own personal sanitizer etc for this purpose.
6. To avoid the possibility of contamination:
  - a) There will be no signing in/out at Farletonview and Bigland.
  - b) The toilet at Ratherheath will be closed.
  - c) The use of shelters/huts is off limits.
7. You must have your **Membership Card** with you for inspection (not a copy on your phone). For **Day Ticket** holders, please print out your Day Ticket and have this with you.
8. Junior members may only fish when accompanied by a responsible adult from the same household.

These rules will temporarily form part of the official **Club Rules**. Our Fishery Officer (Jim Duncan) will patrol the waters as usual. As already mentioned, there will be increased bailiff support provided by WADAA Directors, to ensure compliance with them. If you are asked for your **Membership Card or Day Ticket**, please hold it out at arm's length to help us all follow social-distancing rules.
